

**The One Stop Event for Material Handling and Processing – POWDER & BULK SOLIDS INDIA 2016 EXHIBITION & CONFERENCE concluded successfully in Mumbai on 15<sup>th</sup> October, 2016.**

Powder & Bulk Solids India 2016, India's key industry platform for mechanical processing and bulk solids handling technologies was held at the Bombay Convention & Exhibition Centre from October 13 – 15, 2016. The exhibition and conference was organized by NuernbergMesse India Pvt. Ltd. in co-operation with Vogel Business Media India Pvt. Ltd.

58 exhibitors participated from nine different countries and showcased their latest products and technologies, innovations and new products for material handling and process industry at this one stop event to an audience of around 1700 high quality trade visitors. The 3 day event provided an International platform for knowledge transfer, networking & business.

This year also the exhibition was accompanied by a high quality conference and technical workshops session presented by eminent experts from relevant industry such as by Prof. Yutaka Tsuji – Prof. Emeritus at Osaka University, Japan, Dr Mark Jones, Professor, The University of Newcastle, Australia, Mr. Stefan Penno, Rembe GmbH, Germany, Dr. Craig Wheeler, Professor, The University of Newcastle, Australia, and Dr. V K Agarwal, Professor, IIT Delhi.

The most unique feature at this conference was a presentation on problems faced by M/s Tata Power Limited in Ash Handling Systems in their plants from an end user's perspective which is extremely essential for proper design of Ash Handling Systems by all concerned. Number of other presentations and workshops ranged from scientific papers to application-related presentations from renowned companies. Workshops on guidelines for efficient design of belt conveyors, silos and pneumatic conveying were knowledge enriching and were received with great interest by the audience. The technical presentations covered varieties of topics from agglomeration of particles, pipe conveyors, belt conveyors, Instrumentation for monitoring, initiating solid particle processes, Cement plant design, Nano Ceramic coatings food and Pharmaceuticals.

**Sonia Prashar – MD, NuernbergMesse India Pvt. Ltd.**, said, "The three day event witnessed continuous stream of enthusiastic visitors as quality visitors kept streaming in from day one of inauguration itself. Powder and Bulk Solids India exhibition persistently remains the one stop event for

materials handling and processing technologies where one gets to meet and interact with the key players of the industry from India and abroad.”

“It was indeed a great pleasure to participate in the Powder and Bulk Solids Exhibition and Conference 2016, which is a dedicated forum for sharing knowledge and addressing local problems at an international level related to the field of material handling systems. Many industries, have invested heavily and are also in the process of investing to adopt greener methods/technologies and such forums play a very important role to bridge the gap between the technology providers and the users. The presentations on various technical improvements and experience of projects were really informative and added value to the exhibition” stated **Mr. Ramkrishna Gadre, Chief – Project Engineering, The Tata Power Company Limited.**

“We are participating in Powder and Bulk Solids India for the third time and each year we receive good footfalls of new customers. By participating in PBSI 2016 we have got good number of enquiries for screening and drying application. This event gave us a good opportunity to showcase our product and to make our customer understand about our products” stated **Mr. A Aravindan, MOZER Process Technology Pvt. Ltd.**

### **Global network**

Powder & Bulk Solids India is part of the POWDER & BULK NETWORK, an alliance of leading international trade fairs and conferences for mechanical process engineering. The aim of the network is to encourage information sharing and knowledge transfer at international level. The next Powder & Bulk Solids India will take place from 11 to 13 October 2018 at the Bombay Convention & Exhibition Centre, Mumbai, India.

### **About the NürnbergMesse Group**

NürnbergMesse is one of the 15 largest exhibition companies in the world and among the Top Ten in Europe. The portfolio covers some 120 national and international trade fairs and congresses and approximately 40 sponsored pavilions at the Nürnberg location and worldwide. Every year, around

30,000 exhibitors (international share 39 %) and up to 1.4 million visitors (international share of trade visitors 22 %) participate in the NürnbergMesse Group's own, partner and guest events. The group is present with subsidiaries in China, North America, Brazil, Italy and India. The NürnbergMesse Group also has a network of approximately 50 representatives operating in about 100 countries.

### **About the Vogel Business Media**

In 2011, Vogel Business Media celebrated its 120th anniversary. Since 1891, Vogel has been growing - today Vogel's portfolio comprises more than 100 printed publications and some 60 corresponding websites. Vogel Business Media is the largest German specialist publisher for trade and industry and also extensively covers related topic fields such as pharmaceutical, laboratories and chemicals and bulk material handling in addition to automation, automobile, electronics, production, logistics, mechanical engineering, design engineering and many others. Although Vogel has its headquarters in Wuerzburg, Germany, it also has a multitude of international activities in the rest of Europe, in Asia and in the USA.
